**Subject: Change the dimensions of Bill of Material for Fitter trade's Practical Examination 1<sup>st</sup> Semester Mentor Council, 2015- Regarding.**

Sir/Madam

This is reference to the email addressed to Hon'ble Directorate General by Hanumantharayappa G, Lalbahadur ITI, Madhugiri, Karnataka- 572132 regarding bill of material M S Round Rod 60mm diameter with length of 150mm for Fitter trade 1<sup>st</sup> Semester (Mentor Council) practical examination. The telephonic message from other states have also been received on same issue expressing that the said size is not suitable to conduct the practical exam for Fitter trade.

In view of above, it is proposed that the following parameter will be suitable in place of the above said dimension to redress the complaints received from various State Directorates.

Equivalent size of M S Rod

- (i) **Dia 32 x 180 mm**
- (ii) **Dia 35 x 150 mm**

The above two sizes have been estimated to be correct and the State Directorate may instruct the respective Trade Testing Centres to follow either of one as mentioned above as per their availability. The other instructions remain same.

However the institutes, who have already purchase the Bill of Material as per old dimensions can continue with same as per suitability.

Yours faithfully,

**(Sunil Kumar Gupta)**

**Director of Training (TTC)**
